REMARKS FROM THE PRINCIPAL

The Seventh Commencement

Stuart Tripler, Acting Principal

June 12, 2007

To begin my remarks, I would be remiss not to recognize two people who worked so hard to make this ceremony a success: Sean Edwards and Mrs. Carol Simerson, thank you.

Now, for the seniors. It has been an honor to be the acting principal for the second half of the school year. The young people here in front of us today give me great hope for the future. They have worked hard to achieve this moment in their lives, and I congratulate them.

I hope they have learned the value of working hard and giving 100% in all they do.

Congratulations and best wishes to you in your future.
